

2023 Sounds of Nature Recording Results

Thank you for volunteering for the Sounds of Nature Citizen Science Project this year! We have retrieved your recordings, analyzed them, and wanted to provide a quick summary of your recordings as our way to say thanks. Please choose your recording site below to view your results! The summary will populate to the right once a site has been selected.

Site Information

Site **SoN_0078** is selected. This site was recorded from **4/29/2023** to **5/6/2023**.

Bird Species Detected

Below is a table depicting the specific bird species detected by the [BirdNET Sound ID](#) developed by Cornell University. Confidence refers how confident the program believes a call on your recordings matched the call of the bird species listed.

Common Name	Common Name
Brown-headed Cowbird	Tufted Titmouse
Barred Owl	Northern Cardinal
Wild Turkey	Warbling Vireo
Carolina Wren	Red-bellied Woodpecker
Great Crested Flycatcher	Eastern Kingbird
Red-shouldered Hawk	Yellow-rumped Warbler
Red-headed Woodpecker	Fish Crow
Downy Woodpecker	Purple Martin
Blue-gray Gnatcatcher	Yellow-throated Vireo
American Crow	Barn Swallow
Eastern Bluebird	Palm Warbler
Pileated Woodpecker	American Goldfinch
Rose-breasted Grosbeak	Kentucky Warbler
Wood Thrush	Indigo Bunting

Common Name

Louisiana Waterthrush

Blue Jay

Tennessee Warbler

Cooper's Hawk

Solitary Sandpiper

White-breasted Nuthatch

Nashville Warbler

White-throated Sparrow

Canada Goose

Black-throated Green Warbler

Field Sparrow

Ruby-crowned Kinglet

Northern Flicker

Common Grackle

Blackpoll Warbler

Black-capped Chickadee

Carolina Chickadee

Baltimore Oriole

Scarlet Tanager

House Wren

Orange-crowned Warbler

Yellow-throated Warbler

Broad-winged Hawk

Least Flycatcher

Common Name

Green-winged Teal

Black-and-white Warbler

Dark-eyed Junco

Pine Warbler

Mourning Dove

Red-tailed Hawk

Tree Swallow

White-crowned Sparrow

Eurasian Collared-Dove

Chimney Swift

Wood Duck

Magnolia Warbler

Hairy Woodpecker

Northern Rough-winged Swallow

American Kestrel

Ring-billed Gull

Mallard

Northern Parula

American Robin

Purple Finch

Swamp Sparrow

Eastern Towhee

Cedar Waxwing

Hermit Thrush

Common Name

House Finch

Ovenbird

Cerulean Warbler

Killdeer

Summer Tanager

Prothonotary Warbler

Worm-eating Warbler

Common Yellowthroat

Red-winged Blackbird

Common Name

Gray Catbird

Yellow-bellied Sapsucker

Osprey

Greater Yellowlegs

Chestnut-sided Warbler

Least Sandpiper

Eastern Wood-Pewee

Blue Grosbeak

American Redstart

Species Richness

Species richness is the total number of bird species detected in your recordings by the BirdNET Sound ID.

- Your species richness was found to be **94**

- Compared to other sites, your site was in the top **11.9 %** of all volunteer sites.
