Comments:

This is our first registered count circle CBC. We have 49 species which is 7 below our trial year of 56. The weather was colder and it was hard to find birds.

Bold numbers are showing for a counting group that had only that species.

CW is count week bird heard on the Dec 17. Count week includes 3 days before and after count day.

Participants were Jim Hampson, Jack Hartford, Nancy Wadsworth, Alice Topping, Ernest Topping, Alyssa Rod, Darrell Shambaugh, Gene Rod, and Diana Rod.

I had others wanting to help but it was hard to find a date that would work for all because some of us do many other counts in other count circles also. I will try and set a date earlier next year that will hopefully work out for better participation of more members.
